

§ 1427.8

(c) Following written notice by CCC to the producer and warehouse operator, CCC may advance the maturity date of cotton pledged as collateral for a marketing assistance loan if:

(1) CCC determines such loan cotton collateral is improperly warehoused and subject to damage,

(2) Any term of the producer's loan agreement is violated, or

(3) Carrying charges are substantially in excess of the average of carrying charges available elsewhere and the storing warehouse, after notice, declines to reduce such charges.

[67 FR 64459, Oct. 18, 2002, as amended at 73 FR 65720, Nov. 5, 2008]

§ 1427.8 Amount of loan.

(a) The loan rates for crops of upland cotton and ELS cotton will be determined and announced by CCC and made available at State and county offices.

(b) The quantity of cotton which may be pledged as collateral for a loan shall be the net weight of the eligible cotton as shown on the warehouse receipt issued by an approved warehouse, except that in the case of a bale which has a net weight of more than 600 pounds, the weight to be used in determining the amount of the loan on the bale shall be 600 pounds. Cotton pledged as collateral for loans on the basis of reweights will not be accepted by CCC.

(c) The amount of the loan for each bale will be determined by multiplying the net weight of the bale, as determined under paragraph (b) of this section by the applicable loan rate.

(d) CCC will not increase the amount of the loan made for any bale of cotton as a result of a redetermination of the quantity or quality of the bale after it is tendered to CCC, except that if it is established to the satisfaction of CCC that a bona fide error was made for the weight of the bale or the classification for the bale, such error may be corrected.

(e) The loan rate as determined under paragraph (a) of this section adjusted for applicable premiums and discounts will be reduced by 30 percent during each of the 2009 through 2012 crop years for producers who make an irrevocable election to receive "Average Crop Revenue Election" program payments as

7 CFR Ch. XIV (1-1-11 Edition)

provided in §1412 of this title or elsewhere in this title.

[67 FR 64459, Oct. 18, 2002, as amended at 73 FR 65720, Nov. 5, 2008]

§ 1427.9 Classification of cotton.

(a) All cotton tendered for loan and loan deficiency payment must be classed by an AMS Cotton Classing Office or other entity approved by AMS.

(b) An AMS cotton classification must be based upon a representative sample drawn from the bale by samplers under AMS procedures and instructions.

(c) If the producer's cotton has not been classed or sampled in a manner acceptable by CCC, the warehouse must sample such cotton and forward the samples to the AMS Cotton Classing Office or other entity approved by AMS. Such warehouse must be licensed by AMS or be approved by CCC to draw samples for submission to the AMS Cotton Classing Office.

(d) If a sample has been submitted for classification, another sample shall not be drawn, except for a review classification.

(e) Where review classification is not involved:

(1) If through error or otherwise two or more samples from the same bale are submitted for classification, the loan rate will be based on the classification having the lower loan value;

(2) CCC will use classification information received directly from AMS rather than AMS classification information received from the producer.

(f) CCC will base any cotton loan rate or loan deficiency payment rate on the most recent classification information available before the loan or loan deficiency payment has been calculated. CCC will not adjust such rates based on review classification information submitted subsequent to the original benefit calculation.

[67 FR 64459, Oct. 18, 2002, as amended at 73 FR 65720, Nov. 5, 2008]

§ 1427.10 Approved storage.

(a) Eligible cotton may be pledged as collateral for loans only if stored at warehouses approved by CCC, unless the producer agrees to provisions of 1427.5(n).
